The image is a horizontal collage of three distinct scenes. On the left, a person's hands are shown gripping the handlebars of a bicycle, with a blurred background of a city street. In the center, a woman in a striped shirt is standing in a modern kitchen, looking down at something on the counter. On the right, a row of sleek, modern smart water dispensers is displayed in a clean, minimalist setting.

The Problem

- **SMALL OFFICES**

Struggle to access appliances or mobility tools at scale.

- **GIG WORKERS**

Lack affordable leasing for mobility & electronics.

- **BATTERY OWNERSHIP**

Expensive & unstructured, limiting fleet scalability

The growth of India's gig and digital economy is unstoppable — but its infrastructure is not keeping up.

The Missed Opportunity

- **NO STRUCTURED LEASING**

Assets like EVs and appliances remain fragmented, locked out of efficient deployment.

- **ZERO ACCOUNTABILITY**

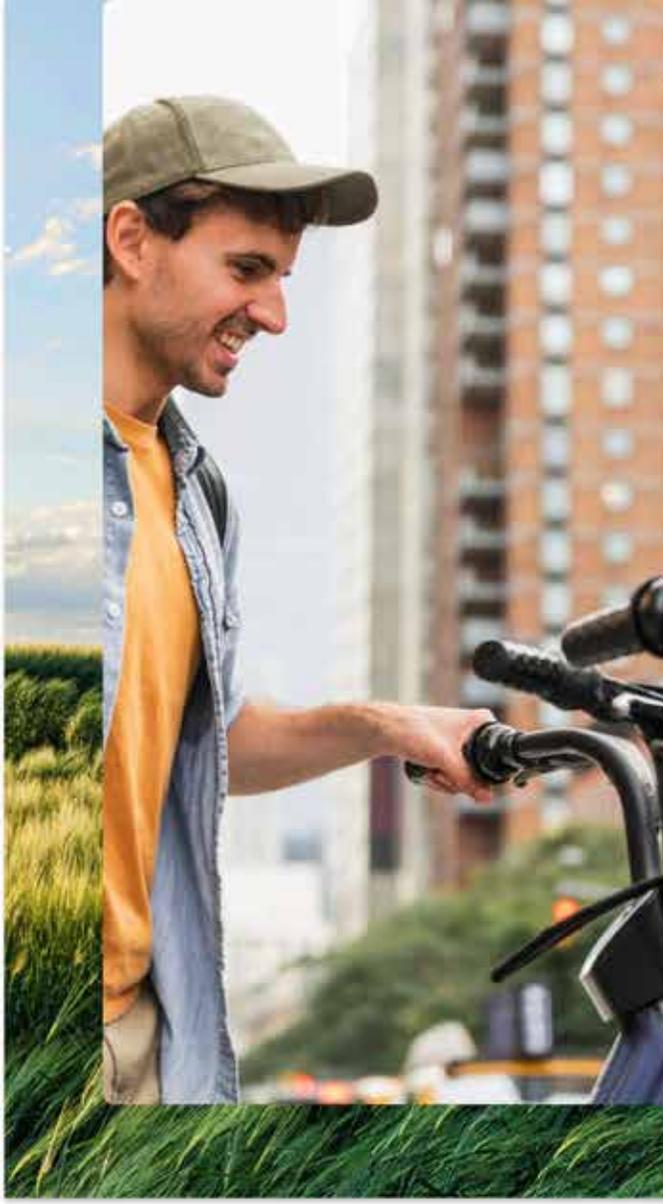

Unorganized players dominate — no tech, no tracking, no transparency.

- **NO RECURRING INCOME**

Investors can't participate in high-yield infrastructure. The cash flow goes unclaimed.

The infrastructure market is cracked — not broken. It's just missing structured capital.

TESTIMONY

Investor Testimonials

EBG gives me the confidence to invest without worrying about market volatility. It's like owning a business without running one

Ananya T

Freelance consultant, Pune

I never thought investing in electric mobility could be this easy. EBG's system is seamless, and the returns are genuinely passive

Vikram D

corporate executive, Hyderabad

The onboarding was fast, the platform is transparent, and the payouts come on time. It's the best passive investment I've made

Arjun Ramaswamy

Retired banker, Chennai

I used to depend on rental income, but EBG's EV model has proven to be a smarter and more reliable source.

Neha Menon

entrepreneur, Bengaluru

What I like about EBG is the asset-backed model. My money is not just a number on a screen—it's working on the ground

Fatima Z

startup founder, Delhi

How EBG Partner Program Works?

You Invest in an Asset

Choose from EBG's verified verticals — Mobility, Appliances, or Battery Leasing — based on your preference and budget.

Asset is Purchased

Your selected asset is procured, documented, and onboarded into EBG's operational system.

EBG Leases & Manages

We deploy the asset to trusted B2B partners. EBG handles servicing, insurance, usage monitoring, and rent collection.

You Earn Monthly Returns

Receive monthly NEFT payouts, tax-ready income statements, and real-time dashboard access.

Our Presence

Our offices and operations now span multiple countries — backed by strong partnerships and scalable growth.
